

XPENG G6 Pro AWD

SMARTER. NOW FASTER.

XPENG

Interior

Dark Gray

This premium cabin pairs high-performance luxury with smart technology, featuring Nappa leather seats, a microfiber ceiling, and 256-color ambient lighting. Stay effortlessly connected and in command with a capacitive steering wheel, streaming media rearview mirror, dual 50W ventilated wireless chargers, and versatile USB ports.

XOPERA 2.0 Acoustic Experience

XPENG's premium sound system XOPERA 2.0 Surround Sound System with 16 speakers delivers clear and immersive audio quality.

Ergonomic Seating Experience

Front seats feature multi-way electric adjustment, 4-way lumbar support, and therapeutic massage. Fully equipped with memory, heating, and ventilation, paired with reclining rear seats for absolute comfort.

Exterior

The Ultimate High-Performance Intelligent Coupe SUV

Combining a starship-inspired silhouette with

high-powered aesthetics. Sleek aerodynamic curves and a Full-width Integrated Light Bar are enhanced by a smoked black front logo and premium black bumper accents, defining dark, futuristic luxury.

XPILOT ASSIST: Next-Gen Intelligent Driving

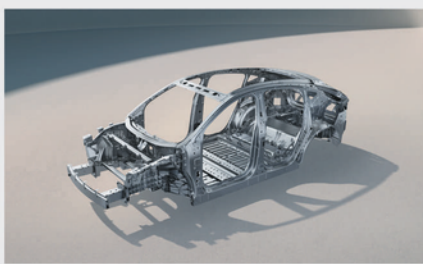

XPENG Full-Stack Lofic Architecture

Driven by a high-powered NVIDIA® Orin-X intelligent chip, our full-stack architecture integrates dual front binocular and rearview cameras. It sharpens environmental perception across all driving scenarios, adapting flawlessly to shifting light and dark conditions.

Industry-Leading Sensor Suite

Engineered with a 125% wider visual perception range, the system scans your surroundings with ultimate precision. It instantly identifies and distinguishes 49 types of static and dynamic obstacles for unparalleled safety.

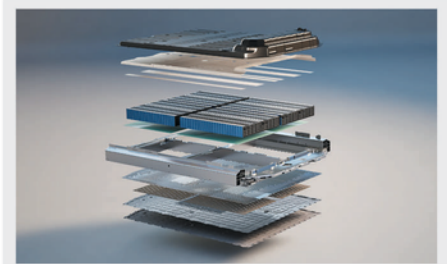

720° All-Round Uncompromised Core Security

Front and rear mega-casting anchors the high-torque dual motors, reducing body weight while delivering rigid, elite-level crash protection.

4-3-4 impact-resistant layout maximizes battery protection against extreme forces and thermal runaway.

Real-time fault monitoring delivers instant circuit isolation for uncompromised high-voltage safety.

High-Output 800V AWD Powertrain

0–100 km/h in just **4.13** seconds

575 km NEDC Driving Range

Engineered for precision and distance, offering up to 510 km of driving range on a single charge to confidently power your high-performance journeys.

Next-Gen 5C Battery Ultra-Fast Charging

Minimize downtime with rapid charging that juices your battery from 10% to 80% SOC in a mere 12 minutes.

800V High-Voltage SiC Platform

Built on a cutting-edge, full-domain 800V architecture supporting up to 451 kW of peak charging power for maximum energy efficiency.

The data originate from XPENG Labs and is based tested vehicles of specific XPENG models. Actual use may differ.

DIMENSIONS

AWD Performance

Overall Length (mm)	4758		
Overall Width (mm)	1920		
Overall Height (mm)	1650		
Wheelbase (mm)	2890		
Number of Seats	5	Luggage rack load (kg)	75
Track Front / Rear (mm)	1635/1650	Trunk Space (L)	571L (1374L with rear seats folded)

EXTERIOR

G6 Pro

20-inch wheels

Exterior Color

Black Edition

- LED Auto-sensing high beams and Dipped Headlights
- LED Auto On/Off Headlights
- Manual headlight height adjustment
- Electric release door open button
- Hidden door handles
- Rain sensing automatic wiper
- External rearview mirror (with electric folding/heating/memory/blind spot monitoring)

- Soundproof glass (front windshield/first row)
- Privacy glass (second row/rear windshield)
- Four-door glass one-touch lifting with anti-pinch function
- Panoramic skylight-free sunshade with heat insulation layer
- Heated front windshield(bottom)
- 20-inch wheels
- Rear tow hook (electric)

INTERIOR

- Capacitive steering wheel
- Streamfng media rear view mirrm
- Nappa leather
- Microfiber ceiling material
- Wireless charging with ventilation *2
- Ambient light colors Number: 256
- USS Type-A * 1
- USS Type-C *3
- Suede ceiling pillars

Interior Color

Dark Gray

Sound System

- XPENG XOPERA 2.0 Surround Sound System (18 speakers including 2 driver seat speaker)
- Driver seat speakers (seat shoulders)*2

Air-conditioning ft Heat Pump

- Automatic air conditioning & heat pump air conditioning
- PM2.5 filtration / monitoring and display
- X-HP3.0 Intelligent Thermal Management System with heat pump

First Row Seats

Driver seat electric adjustment:
10 way (Including 4-way Lumbar Support)

Front passenger seat electric adjustment:
10 way (including 4-way Lumbar Support)

- Front seats Massage
- F ront seats Heating
- Front seats ventilation
- Seat position memory
- Seat welcome function

Second Row Seats

- Second row seat backrest adjustment
- Foldable rear seats (60/40)
- Second row seat center armrest / armrest cup holder

COMPREHENSIVE PERFORMANCE

AWD Performance

Power output (kW)	218+140
Torque (N·m)	440+220
Top Speed (km/h)	202 (Singapore-RWD SR187)
Acceleration (0-100km/h) (s)	4.13
Turning radius (m)	5.8

Cell Type	LFP
Gross battery capacity (kWh)	80.8
AC charging power (kW)	11
AC charging time (5-100%) (h)	9.2
DC Max charging power (kW)	451
DC charging time (SOC 10-80%)	12min
V2L (Vehicle to Load)	●
Power output (kW) 218+140	
Torque 440+220	
Accelerations 4.13	

Drag Coefficient	0.248 Cd
Top Speed (km/h)	202
Turning radius (m)	5.8
Charging port type	CCS2
Suspension System	Front double wishbone suspension
Drive mode	ECO Mode / Comfort Mode / Sport Mode / Individual Mode
OneBox Braking System	Front and Rear Ventilated Braking Disc

XPILOT ASSIST

XPILOT ASSIST Driving

- Adaptive Cruise Control (ACC)
- Lane Centering Control (LCC)
- Adaptive Turning Cruise (ATC)
- Auto Lane Change (ALC)

XPILOT ASSIST Parking

- Surrounding Video System
- Enhanced Auto Parking Assist
- Remote Parking Assist with Phone and Key
- Remote Vehicle Summons

Hardware System

- UWB smart remote control key
- Mobile App Remote
- NFC Card Key

Software

- "Hey XPENG" voice assistant
- Voice control
- Smart Navigation
- App store
- Apple Carplay / Android Auto
- Automatic Mobile Phone Unlocking
- Welcome Mode
- Meditation Mode
- Over-the-air (OTA)
- Connectivity network

SAFETY

- Tire-pressure monitoring system (TPMS)
- Seat belt fastening reminder
- Rear ISOFIX®
- Autohold
- E-call
- Acoustic Vehicle Alerting System (AVAS)
- 7 Airbags system

1. The vehicle configuration information is only applicable to the corresponding models produced within a certain production month, and the vehicle configuration information produced during different production months might be different. The battery range and charging time are for reference only, and vary depending on the actual circumstances. The configuration table is only for reference, and the actual situation should be based on the actual vehicles sold by the sales store. XPENG has the right to explain and reserve the right to change technical parameters, configuration and other product information within the scope enforced by laws and regulations.
2. Unless otherwise noted, the performance data in the table are tested under standard configuration.
3. XPILOT intelligent driving system is a driving assistance function and cannot cope with all traffic, weather and road conditions. The driver must always pay attention to observe the current traffic situation. If the automatic assist driving system fails to provide proper steering assistance or maintain proper distance and speed, the driver must actively intervene. Please read all information about XPILOT in the driver manual to better understand the limitations of this system. The driver should be aware of these restrictions before using XPILOT. Please be cautious during complex and changeable traffic conditions, icy and snowy roads, wet and slippery weather, stagnant or muddy roads, poor visibility, rugged mountain roads, or highway exits.
4. The acceleration data is obtained through tests and the actual 0-100 acceleration capability may vary due to different driving skills, remaining capacities, battery temperatures, road conditions, etc.
5. The actual range may differ from the calculated WLTP range, depending on the driver's driving style, speed, number of occupants, vehicle load, outdoor temperature, air conditioner use, terrain, vehicle condition, etc.
6. Actual DC charging time may vary depending on a variety of factors, including vehicle condition, ambient temperature, the initial state of charge, battery condition, and charger type.
